## COMPLETE PLANS AVAILABLE

Complete working plans, specifications and mill lists are available for every design shown in any of the GARLINGHOUSE plan books. The plans are complete and ready for the builder to start construction of the home. The moderate price of these plan sets represents your best investment when building, since you know in advance what you are getting, thus avoiding misunderstanding.

**THE PLANS, SPECIFICATIONS, LUMBER AND MILL LISTS** as we have them made up for the designs in our books are sufficient and further details are not needed by any competent builder.

**MINOR ALTERATIONS CAN BE MADE BY BUILDERS**—It is impractical to change our tracings to show alterations, but minor alterations in design, material substitutions, etc., can be made by any competent builder without going to the expense of making special plans which usually cost several times the price of our stock plans.

Complete plan sets when ordered will be mailed by parcel post (or air mail anywhere in U. S. if 75c per plan additional is included) within one day after your order has been received by The L. F. Garlinghouse Company.

**TO OBTAIN COST ESTIMATES**—The square footage is given for each plan to assist in figuring estimates. An estimate of what it will cost to erect any house illustrated in any of our books, in your locality, may be obtained by consulting your local builder.

**ALL PLANS SENT ON MONEY BACK GUARANTEE**—All Garlinghouse Plans are sent on a "Money Back If You're Not Satisfied" Guarantee. You have five full days after receiving the plans to study them over and to decide if they will serve your purpose. Plans which are not satisfactory may be returned for prompt exchange or refund.

## ORDER YOUR PLANS THIS SIMPLE, EASY WAY!

**USE THE HANDY ORDER BLANK ATTACHED!** Or just send us your name and address with the plan number from the book and the number of sets you want along with your remittance and we'll have them in the mail within 24 hours after receipt of your order. Garlinghouse plans are complete and the house can be constructed from only one set of plans. However, in most cases, it is wise to include three or four extra sets in your order—one for the builder, a set for your city building department, a set or two for financing, if a loan is required, and of course, you will want a set for yourself to check on the construction as it progresses. Here's what you get:

**PLANS**—The complete working plans consist of prints of all four elevations, basement and all floor plans and details showing built-in features and intricate parts, all drawn to a scale of not less than one-fourth inch to one foot. Also, a plot plan in blank to be filled locally.  
**SPECIFICATIONS**—The specification lists in detail (to be filled in by

you and your builder) the construction of the house from the excavation to the final decoration.

**LUMBER AND MILL LISTS**—The lumber and mill lists consist of an itemized list of lumber and mill materials needed to construct the building and state where each item should be used.

**No. 7344**—This house was designed to meet the needs and desires of many prospective home owners. The designer kept in mind the economical construction of the rectangular shape with gabled roof, not omitting the factor of styling. Colored masonry, grooved plywood siding, awning windows and a smartly designed front door give added pride of ownership. The U-shaped kitchen with window over sink adjoining the family area adds to the livability of this design. Three bedrooms, two full baths, with roomy closets combine to make this house a home for family and guests.

**No. 7360**—The rectangular shape of this concrete block house will make it economical to build. The aluminum casement windows and concrete floors will make it easy to maintain. Open planning has been used in the kitchen, dining, living room area. This makes the rooms appear much larger. The kitchen and bathroom plumbing have been backed up for maximum economy. The two bedrooms are well ventilated with two large windows in each room.

**No. 7350**—This is a very attractive, contemporary, concrete block house. The living room is well lighted with gable end windows in front and a casement window and sliding glass doors on the patio side. The patio is screened from the street by the concrete block wall. This wall provides privacy from the street and also makes the house appear much longer. The three bedrooms are served by a compartmented bath. All the plumbing in the house is grouped together on one wall for economy in installation. Aluminum casement windows are shown on the plan.

**No. 6429**—This house is constructed of concrete “bricks,” so named because they are much smaller than the average concrete block used in residential construction. When used in a modern design such as this hipped-roof five-room suburban, they create an extremely pleasing appearance. This house is excellently arranged for the average small family. The kitchen, with its continuous cupboards, is highly efficient. The front bedroom has two closets of wardrobe size giving an unusual amount of storage space. Casement windows are used throughout.

Garage	328

No. 6180—One glance—a moment's hesitation and this will be your choice. Yes, there is simplicity of appearance but on the interior you will find beauty and roominess which provide for real enjoyable living, all on one floor. This plan provides such features as: ample closet space, large bedrooms, big fireplace and spacious kitchen. The stairs marked "DN" are to the basement.

Garage	435

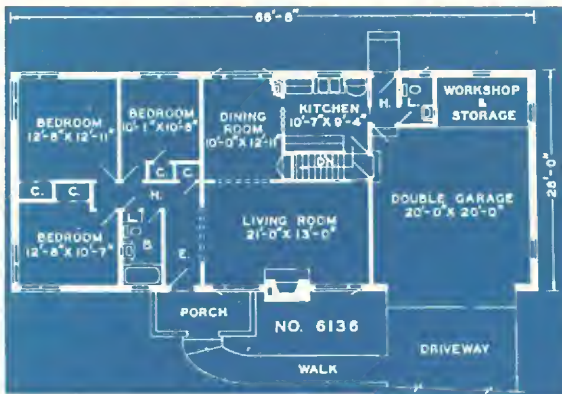

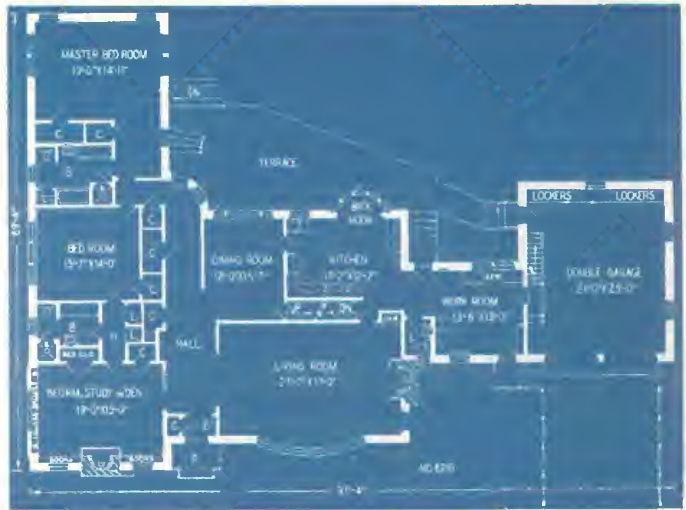

**No. 6210**—This home has been designed by our staff especially for Mr. and Mrs. L. F. Garlinghouse. Back of the large living room is the dining room overlooking the garden, and the kitchen with its many built-in cupboards and cabinets, also a beautiful circular breakfast nook. The combination utility-work room has been equipped with a built-in desk, sewing cabinet, and half-bath. The wing on the left contains the library which has a fireplace and tiers of bookcases; the guest room; bath; and master bedroom with private bath.

First Floor	1,152
Basement	1,152
Porch	179

No. 7280—Gracious is the word for this traditional ranch. The kitchen, utility area was designed with the busy housewife in mind. The utility space has room for washer, freezer, and sewing machine. There's a built-in breakfast table at the end of the kitchen cabinet bar. The half bath is very conveniently located. The plan shows a full basement but it could be omitted and the stairway and closet space used for utilities. The small den could be used as a library, study, office or hobby room.

Garage	567

No. 6328—This brick veneer home is for the family who needs or likes lots of room. Four large bedrooms with two full baths on the upper level, which is entered by means of a beautiful hallway and stairs. The double front door is into a foyer which will permit passage to any section of the home without bothering others. Just to left of living room is the den, dining room and half bath, with kitchen and breakfast nook in the rear. On the double garage level is a large family room, three closets and a full bath. A home you will enjoy to own.

*GARLINGHOUSE plans when requested in the reverse position are actually reverse plans not just plans printed backwards so that it is necessary to use a mirror to read the dimensions. We make up special plans in the reverse position and they are as easy to read and follow as the original plans.*

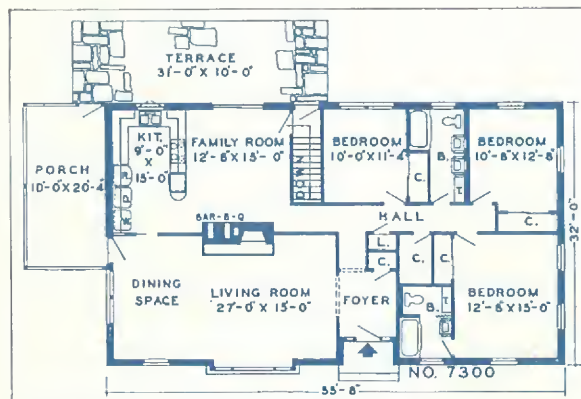

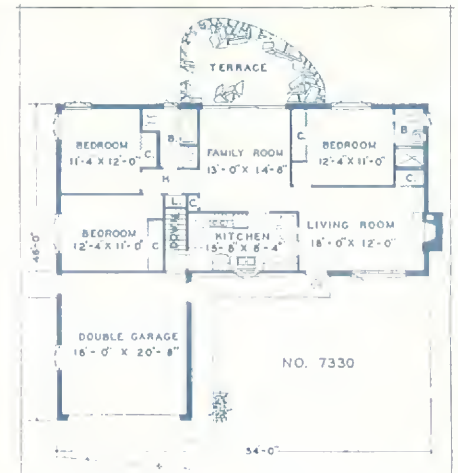

**No. 7330**—The family room is destined to be the heart of this story book style ranch house. Being rectangular in shape this house will be economical to build. Note how the master bedroom is separated from the other bedrooms for maximum privacy. It contains a complete bathroom and a seven foot closet. The kitchen is the nucleus of this design which makes it only a few steps to any room in the house including the garage and basement. Sliding glass doors completely cover the rear wall of the family room and lead out to a colorful flagstone terrace.

*Sq. Ft.*  
First Floor 1,350  
Basement 1,350  
Garage 414

**No. 7300**—This brick veneer house was designed for real family living. Open planning is featured in the kitchen, family room area. Kitchen wall cabinets hang from the ceiling and there is a pass through between the two rooms. The built-in barbecue oven in the family room will be in daily use cooking steaks, hamburgers, weiners, popcorn, etc. The foyer will save the housewife work by stopping much of the dirt from being tracked through the house. The flagstone terrace is reached through sliding glass doors from the family room.

## COMPLETE PLANS AVAILABLE

Garlinghouse plans are very complete, ready for your builder to begin construction immediately. They are drawn in accord with FHA and VA requirements, subject of course to local interpretations. The working drawings (blueprints) are liberally dimensioned. They contain drawings and notes designating the location and type of materials. With these plans, your builder can estimate accurately the cost of building the house

in your area, then of course use them for the actual construction of your home.

When you order the reverse of a plan you get the same quality of blueprints that you get when ordering them as shown. The lettering and dimensions are not backwards. There is no chance for errors due to an upside down blueprint. Garlinghouse plans will save you money.

### CONDITIONS, SPECIFICATIONS and CONTRACT

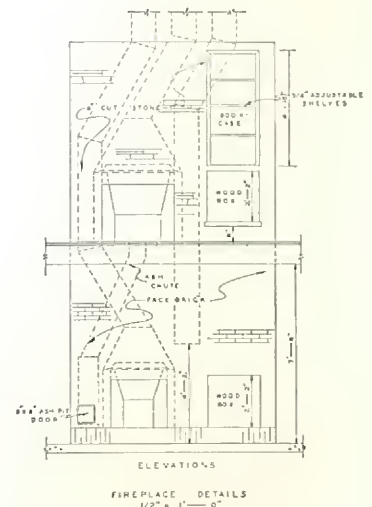

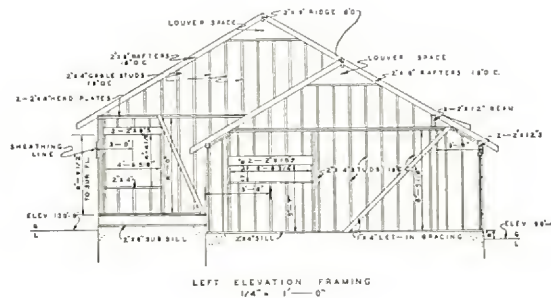

For Plan No. \_\_\_\_\_

All blocks in these specifications that apply to this particular building to be filled in, and all blocks and specifications which do not apply to be crossed out. Great care should be taken that all necessary information concerning the building is clearly set out in the specifications.

## MATERIAL LIST

The material list includes all lumber, millwork (doors, windows, trim, etc.), roofing, masonry (concrete, brick and stone), steel, interior wall finish, kitchen cabinets,

linoleum, insulation, etc. You receive a copy of the material list with each set of plans you order.

## ORDER YOUR PLANS TODAY

USE THE HANDY ORDER BLANK ATTACHED! Or just send us your name and address with the plan number from the book and the number of sets you want along with your remittance and we'll have them in the mail within 24 hours after receipt of your order. Garlinghouse plans are complete and the house can be constructed from only one set of plans. However, in most cases, it is wise to include three or four extra sets in

your order—one for the builder, a set for your city building department, a set or two for financing, if a loan is required, and of course, you will want a set for yourself to check on the construction as it progresses. Remember, you save money by purchasing your extra sets with the original set and you also avoid delays in case you need extras and have to order them later. Don't Delay! Buy Today!

# Planning to Build?

Choose from Hundreds of Beautiful Plans Shown In These 18 Colorful Books

Get These Advantages In A Home That is **SPECIAL-BUILT Just For You.**
